Electric performance

System

AWD - 2 drive units with 1 motor each

0 - 100 km/h³

4.2 seconds with Velocity Max

Motor

Permanent magnet, bar wound

Max speed

210 km/h

Power³

459 kW

Near instant Torque³

880 Nm with Velocity Max

Braking Efficiency

Regenerative braking, featuring Regen on Demand® and One Pedal Driving®

Final Drive Ratio

Front: 9.87

Rear: 10.49

Battery system

Type

Rechargeable energy storage system comprising multiple linked modules

Battery Rated Energy

91 kWh

Battery chemistry

Lithium-ion NMC cathode, blended graphite anode

Combined Electric Energy Consumption

22.0 kWh / 100 km

Range and Efficiency¹

461 kilometers in combined cycle electric range

Charging times²

7.4 kW Single Phase AC Charger

Up to 31 kilometers of range per hour of charge time

22.1 kW Three Phase AC Charger

Up to 95 kilometers of range per hour of charge time

DC Fast Charge (up to 130kW)

Up to 104 kilometers of range in 10 minutes of charge time

Chassis & suspension

Air Ride Adaptive Suspension

Multi-Link front and 5-Link rear with semi-active CDC (Chassis Damping Control) dampers

Brake Specifications

410mm front fixed caliper disc

345mm rear sliding caliper disc

Steering Type

Continuously Variable Electric Power Steering (EPS)

Brake Specifications

Brembo® performance front brakes

Rear Steering

Active Rear Steering

Wheels

Standard 22", alloy

Turning Circle (curb-to-curb)

11.7 m

Tyres

295/40R22 with self-sealing technology

Weights & capacities

Tare Weight

2893 kg

Gross Vehicle Mass

3350 kg

Passenger Volume¹⁵

4127 L

Cargo Volume¹⁵

2271 L (to first row)

1218 L (to second row)

430 L (to third row)

Cadillac has taken reasonable steps to ensure that the information contained in this document is accurate at the time of publishing (June 2026). Cadillac reserves the right to change and/or discontinue, without notice, for any features and specifications contained in this document. Vehicles shown are simulated local production vehicles intended for illustrative purposes. Colours and other features may appear different in real life.

*Additional cost options

¹ The range of electric vehicles is determined using a uniform measurement procedure (WLTP). These results are not guaranteed. Range and energy consumption may vary under real-world conditions depending on driving style and various external factors. It is therefore not always possible to achieve the range according to WLTP.

² Actual charge times will vary based on battery condition, output of charger, vehicle settings and outside temperature. See the vehicle's Owner's Manual for additional limitations.

³ Figures based on GM testing in the United States in controlled environments. Actual figures may vary and are subject to environmental conditions. 4.2 second 0-100km/h performance requires Velocity Max activated.

⁴ Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices.

⁵ Cadillac Connected Services is available for up to 3 years after the first vehicle registration. Video streaming, web browsing and gaming are available for up to 3 years after the first vehicle registration on model year 2027 or newer vehicles. Connected Services are dependent on compatible wireless networks provided by third-party wireless service providers and other factors outside of Cadillac's control. Services subject to change. Changes in technology and wireless networks may limit or prevent the operation of vehicle connectivity. Services, connectivity, and capabilities may vary by model, vehicle configuration, and conditions as well as geographical and technical restrictions and are subject to user terms and limitations. See connected vehicle user terms for details and limitations available at cadillaccanz.com.

⁶ Google, Google Automotive Services (GAS), Google Play, and Google Maps are trademarks of Google LLC. Google built in requires an active Cadillac Connected Services complimentary trial or subscription.

⁷ Requires compatible active streaming service.

⁸ Not compatible with all devices. Wireless phone charging system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility consult your carrier.

⁹ Vehicle user interface is a product of Apple® and its terms of use and privacy policies apply. Requires compatible iPhone® and data plan rates apply. Apple CarPlay, Siri, iPhone and Apple Music are trademarks of Apple, Inc., registered in the U.S. and other countries. Use of Apple products requires acceptance of any applicable terms and conditions. Data plan rates apply.

¹⁰ Vehicle user interface is a product of Google and its terms of use and privacy policies apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC. Use of Google products requires acceptance of any applicable terms and conditions. Data plan rates apply.

¹¹ Requires compatible mobile device. See device app store for compatibility and device requirements.

¹² Over-the-air eligibility applies depending on the scope of the service or update. Cadillac does not guarantee all services or upgrades will be available by over-the-air.

¹³ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See your vehicle Owner's Manual for more information.

¹⁴ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's owner's manual for more important safety limitations and information.

¹⁵ Cargo and load capacity restricted by weight and distribution.
